Aditya Agarwal

PRODUCT MANAGEMENT

AI fluency. Analytical depth. Hands-on making.

kriitya@gmail.com | +1 (253) 421 7650

PRODUCT EXPERIENCE

Self
Jun–Aug 2026

AI Product Manager · Intern

- Co-prototyped agent-native privacy and payments products with engineers.
- Designed agent workflows, context management, evaluations, human checkpoints, and progress dashboards.
- Connected journey mapping to clickstream reporting, developer event handoff, and MCP-generated dashboards.

Zomato
Oct 2024–Jul 2025

Senior Product Analyst

- Shaped Homepage and Search through clickstream analytics; led Friends' Recommendations using a social graph of **one billion contacts**.
- Supported Food Rescue, helping reduce food waste by approximately **50%** across India.

Udaan
Feb 2023–Sep 2024

Product Analyst

- Built supply-chain reporting for **1,000+ stakeholders**; served as Wondermart's sole analyst through national expansion.
- Optimized listing and pricing; implemented clickstream analytics and helped create Percept Insights.

Snapdeal
Jun 2020–Sep 2022

Data Analyst

- Automated forecasting and purchasing; supported ad experiments that increased seller ad revenue by **14%**.

SELECTED DESIGN PROJECTS

FamilySync · JPMorgan Chase
Designed agentic caregiver payments; mapped handoffs and tested delegated approvals through caregiving scenarios.

Squad Up · McDonald's
Designed group ordering from 4 site observations, 8 interviews, and 22 survey responses, through journey maps and prototypes.

Product innovation · P&G
On a five-person team, translated 8 in-home and 16 central-site visits into requirements and iteratively tested prototypes.

BUILDING & LEADING

Camp Lead
Camp EDI · 2026

Developed workshops in electronics, fabrication, and physical prototyping.

School Ambassador
Bambu Lab · Northwestern

Supported campus printer labs and student training in 3D printing and prototyping.

TinkerVerse
@tinker_verse · 2024–Present

Build IoT and 3D-printed prototypes: a voice assistant, drawing plotter, and lighting sculptures.

EDUCATION

Northwestern University
MS Engineering Design Innovation
2025–Present

BITS Pilani
MSc Biological Science
B.Tech Civil Engineering · 2016–2021

TOOLKIT

AI & data: Claude Code, Codex, RAG, MCP, Python, SQL
Design & making: User research, journey mapping, CAD, 3D printing, Arduino, IoT, C/C++

RECOGNITION

ASEAN Top 10 · Edge AI & IoT
Circuit Digest / DigiKey · 2024
TEDx BITS Hyderabad
Stage Design Head · 2019
